

The Healthcare Partner

PRESS RELEASE

GPI FRANCE WAS SET UP AND IS NOW PART OF THE NEW HUB DEDICATED TO DIGITAL HEALTH IN PARIS

Trento, 13 April 2022

Starting from April, the new company of the Gpi Group dedicated to French-speaking countries is on: Gpi France. It will support the French transfusion software subsidiaries of the Gpi Group, that is Guyot Walser Informatique and Medinfo. Moreover, in the framework of the Group's internationalization process, GPI France will offer the full Value Proposition of GPI in France, Benelux, Switzerland, African French-speaking countries and Maghreb.

The establishment of GPI France represents another important acknowledgement: the company participated and achieved to be selected among a restricted group of the first 60 entities to be included in the PariSanté Campus, the most important hub in France for research, innovation and training in the field of Digital Health, gathering start-ups, big enterprises and public operators.

Federico Hornbostel, President of GPI France, claims: "We are pleased Gpi France has been selected to be one of the companies of the PariSanté Campus, a project which is paramount for the French government as it aims at making it an excellence at European level. This will enable us to be directly in touch with the French top players both in the digital and healthcare sector, a strategic element in the wider and wider international presence of the Gpi Group".

GPI GROUP

GPI is the preferred partner for software, technologies and services for healthcare, social services and the public administration. Founded more than 30 years ago in Trento, GPI has grown through significant investments in M&A (in Italy and abroad) and R&D, which it carries out in partnership with leading Italian research centres and universities to share scientific, technological, functional and process knowledge applied to the e-health, e-welfare, well-being sectors.

Also drawing on the solutions and know-how gained from the companies that have joined its ecosystem, the Group has masterfully translated the needs of the healthcare industry into cutting-edge high-tech solutions and new service models that optimise prevention, diagnosis and care processes, improving people's lives.

The offer combines specialised IT expertise with advisory and design capabilities enabling it to operate in a range of business areas: Software, Care, Automation, ICT and Payment services.

The Company reported consolidated revenues of €326.9 million in 2021, with over 7,200 employees at year end and more than 2,500 customers in over 70 countries.

GPI was listed on Borsa Italiana in 2016 (AIM segment) and moved to the MTA (now EXM) market in 2018.
